**ATR BULLETIN 2007-09  
April 2, 2007**

**TRANSITION FROM CALNET 1 TO CALNET 2 - LETTER OF AGENCY**

To facilitate the scheduling and transition of services from CALNET 1 to the CALNET 2, AT&T Master Services Agreements 1 and 2, the Department of Technology Services (DTS) has issued a Letter of Agency (LOA) to AT&T for Slamming Protection and Primary Inter-Exchange Carrier selection.

This LOA means that your local/long distance provider will be switched automatically without any additional action being required by your agency. This authority will enable AT&T to transition these services in a manner that is transparent to you, with little or no service impact during the time services are being transitioned.

You may contact your AT&T representative if you have questions about this transition. If you do not know the name of your representative, see [www.calnet.ca.gov](http://www.calnet.ca.gov) to find the name of your representative.

Please also visit the CALNET 2 Transition Homepage for the most current information regarding transition implementation. Agencies can subscribe to the CALNET 2 "What's New?" to automatically receive update notifications. The "What's New?" link is located at: <http://www.dts.ca.gov/stnd/calnet-transition.asp?key=210>

If you have any questions regarding this ATR Bulletin, please contact a DTS Representative at (916) 657-9150.

SANDRA BIERER, Deputy Director  
Statewide Telecommunications and Network Division
